# CRANE SYSTEMS

Our Cranes can be outfitted with several of our Vacuum Lifters

## VACUHAND PRO CRANE™

The versatile articulating Pro Crane™ can be adapted to each individual workplace, with a reach of up to 13 ft, and a height-adjustable floor pillar. Add a mobile platform and you can easily move Mechline Pro Crane between different workstations – a simple manual pallet truck will suffice!

## EASYCRANE™

The Easycrane™ series consists of flexible swing arm cranes with a vacuum lifter integrated in the swing arm – a complete workstation for quick and easy lifting! With ample reach and an adjustable floor pillar, Easycrane™ is adaptable to most workplaces.

*Easyhand M™ shown mounted on Easycrane™*

**THE VERSATILE MOBILE ARTICULATING ARM CRANE OFFERS A WIDE RANGE OF END EFFECTORS AND MANIPULATORS.**

**WITH A MOBILE PLATFORM, THE VACUUM LIFTER CAN BE EASILY MOVED BETWEEN DIFFERENT WORKSTATIONS.**

## JIB-CRANE™

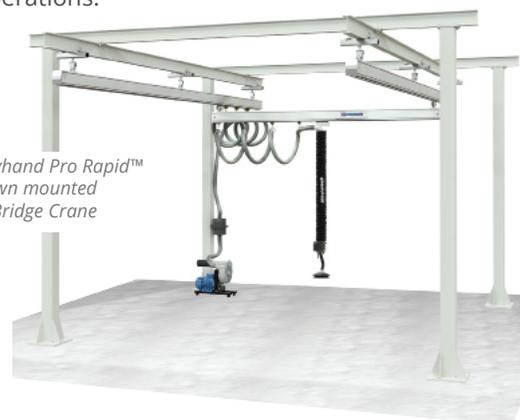

Roni's range of ergonomic jib cranes includes a complete product series from wall-mounted jib cranes and pillar-mounted jib cranes in aluminum to complete lifting units with integrated lifting equipment.

*Easyhand Pro™ shown mounted on Jib-crane™*

## BRIDGE CRANE™

Roni's lightweight overhead crane system, Mechrail™, consists of extruded aluminum profiles to which trolleys, suspension systems and accessories are fitted to provide ergonomic and flexible movement in x/y joints during lifting operations.

*Easyhand Pro Rapid™ shown mounted on Bridge Crane*

**CRANE ARMS IN STRONG AND LIGHT ALUMINUM OFFERS EASY AND FLEXIBLE MATERIAL HANDLING.**

**THE MECHRAIL™ ALUMINUM CRANE SYSTEM IS DESIGNED TO MEET THE MARKET'S STRICTEST REQUIREMENTS FOR ACCESSIBILITY, SAFETY AND HANDLING ERGONOMICS.**

Our Vacuum Lifters can be used with many of our Crane Systems

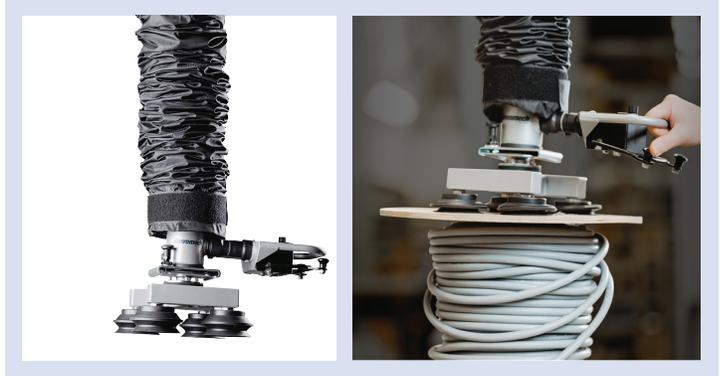

# VACUUM LIFTERS

## VACUHAND PRO™

Vacuhand Pro™ is an efficient vacuum lifter with the capacity to lift up to 550lbs. The lifter is operated with an operating handle with a two-handed grip, and is used for light and efficient handling of bags, cardboard boxes and sheet materials.

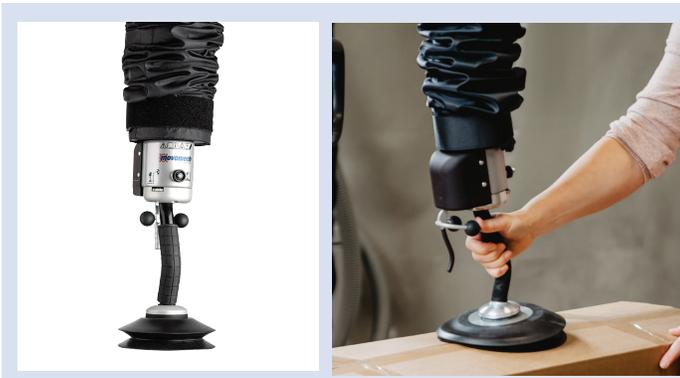

**FOR BAG HANDLING, THE VACUHAND PRO™ IS THE OPTIMAL CHOICE THANKS TO THE LIFTER'S HIGH PERFORMANCE.**

## EASYHAND M™

Easyhand M™ is a flexible vacuum lifter with a modular design for loads of up to 110lbs. It makes it easy and comfortable to handle anything from pails and cardboard boxes to sheet materials such as glass and panels.

**EASYHAND M™ PROVIDES FLEXIBLE AND OPERATOR-FRIENDLY MATERIAL HANDLING.**

## EASYHAND PRO™

Easyhand Pro™ is an effortless and comfortable vacuum lifter with a single-handed grip for the handling of loads up to 110lbs. The lifter's main strength is its smooth operation and lifting feel. Ideal for lifting pails, cardboard boxes and sheet materials.

**EASYHAND PRO™ – AN EFFORTLESS AND COMFORTABLE VACUUM LIFTER FOR THE HANDLING OF LOADS UP TO 110LBS.**

## EASYHAND PRO RAPID™

Easyhand Pro Rapid™ is a very fast vacuum lifter with a single-handed grip, designed for applications that require fast handling of pails, cardboard boxes and packaging. Its main application is cardboard box handling at workstations in logistics and distribution.

**EASYHAND PRO RAPID™ – THE VACUUM LIFTER FOR VERY FAST PARCEL HANDLING IN LOGISTICS AND DISTRIBUTION CENTERS.**
